Dear Mr. Wynne:

Please provide me with a copy of the note you have sent to C&S directing the return of Mr. Berry's works. If you have not sent it please do so and copy me or inform me of the PCT's intentions in that regard if they have changed since your earlier communication.

In addition, Mr. Berry has confirmed the ongoing operation of Fleming-Logistics.com running what appears to be an active email server. Please confirm that the PCT has no knowledge of this. In addition, we have discovered evidence of the ongoing shipment of "Fleming Foods" grocery commodities and restaurant supplies to C&S in Hawaii. I've attached a copy of the relevant ocean tariff obtained from Matson's web site.

We were under the impression that Fleming Foods was out of business. The only other place in my years of involvement with Fleming that the name "Fleming Foods" was relevant is on Mr. Berry's now terminated software license or what we call the EULA. Can you please provide any information that you or the PCT may have regarding why C&S would still be shipping Fleming Foods grocery commodities and restaurant supplies?

Tim Hogan
